Rosemary Kleinheinz, Editor

A not for profit organization promoting the enjoyment, awareness, and propagation of the genus Hemerocallis

AN EARLY START TO THE BEST PART OF THE YEAR!!

Oh my! Daylily scapes are coming up all over the place! As Diane Goodman recently said, "there's a bazillion scapes out there!" Our FFO (first flower open) appeared on H. 'Tierra del Fuego' on June 7th, instead of July 4th last year. It's probably an aberration, but sure was fun to see! Does anyone want to predict when peak bloom arrives? One thing is for sure - it's bound to be early. **Be sure to note the change in date for the Garden Tour.** Wouldn't it be nice if we could see some rebloom in late summer?!

All this means that we will be getting an early start to a busy three months with all the activities WDS members live the rest of the year waiting for - bus trips, garden tours, picnics and, of course, the Plant Sale in August.

Today Jim Fitzpatrick's little bluebird extends an invitation to you to begin the daylily season with....

The WDS Garden Party in Jim & Kitty's Garden
5224 Preservation Place
Sun Prairie, WI 53590
Sunday, June 27th, 1:00 pm until ????????

There's a very good chance that Jim will have lots of daylilies in bloom, but even without them, their beautiful gardens are a joy to see. They include a beautiful stream and 2 waterfalls, all flowing to the fish-filled pond. Jim & Kitty have collected over 400 different daylilies, along with many unusual specimen trees, conifers, and other perennials. It will be a real treat to spend an afternoon with Jim and Kitty. If we are lucky we may even be able to enjoy their bluebird family.

But what's a party without food? That's where we are depending on you to **BRING YOUR SPECIAL DISH TO PASS.** You don't need to worry about plates, utensils and beverages. The club will provide them. We've never gone home hungry after a Garden Party!

Door prizes will again be the plants you bring to share with others. At the last two meetings everyone went home with a plant to add to their garden. Let's do it again!

WDS Officers & Board Members

President: Janet Gordon, 5841 Pond Rd, Madison, WI, 53718
608-837-2753, jgordonis@charter.net. (Term ends 2011)

Vice-President: Francis Kleckner, 32494 Bogus Valley La, Muscoda, WI
53573 608-739-9150 kleckner@countryrspeed.com (Term ends '10)

Secretary: Diane Goodman, W14146 Selwood Dr., Prairie du Sac, WI 53578
608-643-8021 jrgoodman@charter.net (Term ends 2011)

Treasurer: Barry Rowe, 1850 Epworth Ct, Madison, WI 53705
608-233-2849 barryrowe@charter.net (Term ends 2010)

Pat Sturdevant, 1949 Sheridan St, Madison, WI 53704, 608-244-1551
patsturl@hotmail.com (Term ends 2010)

Conrad Wrzesinski, 3010 Elm Ln, Middleton, WI 53562, 608-231-3279
conradw@charter.net (Term ends 2010)

R. Vaughan James, 207 Alden Dr, Madison, WI 53705, 608-218-9384
rvjames@wisc.edu (Term ends 2011)

Diane Scharkey, 4717 Eisenhower, Oregon, WI 53575, 608-835-5318
dscharkey@aol.com (Term ends 2011)

Newsletter Editor: Rosemary Kleinheinz, 104 W Lakeview, Madison, WI
53716, 608-221-1933 trkleinheinz@att.net (Term ends ????)

Web Administrator: Mary Wrzesinski 3010 Elm La, Middleton, WI 53562
608-231-3279 maryw@charter.net (Term ends ????)

*My green thumb came only as a result
of the mistakes I made while learning to see
things from the plant's point of view.*

~H. Fred Dale

Calendar of Events 2010

June 27th, (Sunday) 1:00 pm, **Garden Party** at
Jim & Kitty Fitzpatrick's home

****July 10th, (Saturday) 9-4 WDS Garden Tour****

July 15th-19th, **2010 Regional Summer Meeting**,
Wadsworth, Ohio,

August 1st (Sunday), **Potluck/Adoption/Auction**
Savanna Oaks Middle School on Lacy Road.

August 14th-15th, **Daylily Plant Sale**, Olbrich

October 23rd, (Saturday), 12:45 pm **Annual Meeting**
Savanna Oaks Middle School on Lacy Road.

Speaker: George Doorakian.

Be sure to check our web site for updates.

NEW DATE - NEW DATE**2010 HOME GARDEN TOUR***By Wilma Brouwer-Herwig, Tour Chair*

Due to the unseasonably early warm weather and the abundant rain, the 2010 WDS Garden Tour will be held, rain or shine, on **Saturday, July 10th from 9-4**. Everything green and growing this year is a few weeks ahead of schedule so we thought it prudent to switch our date accordingly.

Some changes to the gardens on tour are being made. Watch for details to appear on our website and for a flier to grace your mailboxes soon. Plan on spending a day delighting in the hard work of fellow daylily enthusiasts.

Also plan on sharing the event with a friend who may not be a member of WDS yet. If you have any questions, don't hesitate to contact me, Wilma Brouwer-Herwig, Tour Chair, at 608-764-2515 or at williebh96@yahoo.com.

**Membership News**

We have three new members to report in this issue:

Denise Zentz, 1229 Erick St, Fort Atkinson WI 53538, 920-723-3144, Lucysmom1@sbcglobal.net

Lisa Imhoff, 8433 N Wilder Rd, Evansville WI 53536 lisaimhoff@litewire.net

Dawn Lentz, 1206 Sherman Ave, Janesville WI 53545 608-755-1887 Dlentz1@charter.net

Annette Stratman-Durrer renewed her membership since the 2010 roster: 303 S Marietta St, Verona WI 53593 608-848-7776

Welcome to our new members; we look forward to meeting you at our wonderful summer events.

New email addresses:

Katharine Rheume: krrheume@charter.net

Carol Dann: danncab@verizon.net

Jalaine Limbach: jbird0126@gmail.com

The Korths: pkorth1@new.rr.com

New street address for Metje Butler: 4514 Camden Rd, Madison, 53716

A Happy Early Daylily Season to all from

Gene Dewey, Keeper of the Mailing List

ERIC DENHAM
"A
MAN
OF MANY
INTERESTS"

By Diane Goodman

Eric Denham visits with Lloyd Ravet and granddaughter Kayia

Photo by Kathi Dwelle

A "man of many interests" would describe Eric Denham, our WDS feature speaker on April 25, 2010. Marseilles, Illinois (Dowis Ranch) is where he resides and hybridizes his beautiful plants.

As a youth, his family moved from the mid-west to California. While there, the family owned an orange grove. After a number of years, they moved to their present site.

His love of plantings goes back to the time of the 1800's when his great-grandparents were granted land in Missouri by Abraham Lincoln. His mother started the business he is in, and has been and continues to be his biggest influence.

Earlier in his life he hauled produce to California and back to Illinois. He was also a dog breeder for an unusual breed of terriers.

In his years as a hybridizer, he has focused on the following goals: "reds" that hold their color in the sun, a fringe edge on blossoms, and variegation in the plants' leaves.

Some of his introductions are named for family members or founding members of the AHS. He considers these people to be influential in his life. These include such plants as PAT DOWIS, JANELLE DOWIS DENHAM, WALTER STACKMAN and WILL BELL.

He even assisted Walt Stackman in introducing some of his plants. It seems Walt loved his plants but didn't want to "fuss" with the paperwork to have an AHS introduction!

Some of Eric's more current introductions include GABRIEL CRAIG, LENA MARKHEIM, RIBBONS OF HIGHWAY, TILT-A-WHIRL (a very large UF) and EARRINGS ON THE DRESSER (named for a very special niece).

Another aspect of Eric Denham—he and his family have started a foundation to provide dog and cat food for pets in his area whose owners have fallen on hard times.

He really is a "man of many interests"!

OUR THOUGHTS ARE WITH YOU

We extend our sincerest sympathy to Philrene Hundt who lost her husband in mid-May after a long illness, and to her son Jeff who lost his father.

WDS will be sending a donation to Region 2 in his memory.

WDS ANNUAL POTLUCK PICNIC, AUCTION & ADOPTION PROGRAM SUNDAY, AUGUST 1ST, 2010 1PM-??? SAVANNAH OAKS MIDDLE SCHOOL

Did you know that every eligible member (one who is also an AHS member) attending the last four Adoption/Auction Picnics has gone home with at least one FREE adoption plant? For the most part, these plants were only introduced about 2 years ago. Have you been one of those lucky folks? Be sure you don't miss the opportunity this year - on Sunday, August 1st at the Savannah Oaks Middle School on Lacey Road. Note, **this a new location from last year - with a lot more room!**

The lucky "parents" of 2007 will be returning all but 2 fans of their 2007 Adoption plant this year, and we can bid on them at the auction that follows the adoption program. What a great opportunity to add newer cultivars to your gardens! Our favorite auctioneers, Conrad Wrzesinski and Bill Powell will once again keep the bidding going strong. The proceeds from the auction will be used to buy adoption plants for next year. Cash, check or WDS \$\$ are accepted.

One last enticement to get you there - a fabulous array of food to eat!! That is, if everyone will BRING A DISH TO PASS. Our club will provide plates, etc., along with the beverages. From past experience, we can promise you won't go home hungry,

Doors will open at 12:30 pm and we will eat about 1:00 pm. Program to follow.

If you want to take home an adoption plant and you aren't yet an AHS member, contact John Sheehan.

Below is a **preliminary** list of the plants that will be available for Auction or Adoption. As they did last year, John and Conrad will have a powerpoint presentation showing pictures of all available plants. Here's a suggestion: you may want to find images of these cultivars on the Internet ahead of time to help you decide what you are interested in. Just go to 'Google' and type in the name of the cultivar followed by the word daylily (i.e. abraham lincoln daylily) Press enter and you should find several sites. Usually one of the first ones will have a good picture to view.

ADOPTION PLANTS

Abraham Lincoln	Mississippi Earl Watts
Across the Galaxy	Morphos Dance
All of My Love to You	Mount Herman Grace
Alpine Ruffles	Olly Olly Oxen Free
Argyle Smile	Orange Clown
Bar Code	Pomp Perfect
Barbie in Pink	Rolling Raven
Bare Necessities	See His Glory
Belle Cook	Set Me Free
Boot Scootin Beauty	Shamrock Delight
Boucoup Bouquet	Shores of Time
Bridey Greeson	Sinister Minister
Butterfly Cove	Smile Again
Catherine Smith	Spacecoast Blood Diamond
Charlie's Dream	Spacecoast Gilded Robe
Christina Cook	Spacecoast Hope Beacon
Clair Fontenot	Substance of Fire
Clean Mountain Morning	Swan Lake Magic
Ellen La Prise	Sweet Talking Man
Gavin Petit	Time Drifter
Green Throated Robin	Tricolor
Jacquelyn Kennedy Onassis	Trufflicious
Jim Brown	Ultior Motive
Katherine Marin	Webster's Golden Wonder
Marsailles Water Colors	Wedding in the Snow

AUCTION PLANTS

A Gathering of Angels	Kalahari
Across the Universe	Kaley Michelle
All Creation Sings	Lady Betty Fretz
Angelwalker	Lasting Memories
Armed Azerbaijanies	Lillian's Little Joe
Bill Robinson	Londonderry Town
Black Falcon Ritual	Makes Me Sing
Chasing the Sun	Mandarin Seas
China Clipper	Memories of Saratoga
Christian Fletcher	Micro Chip
Coronal Light	Moment in the Sun
Deborah Anderson Harris	Night Symphony
Elegant Pink Beauty	Party Popper
Embroided Pinata	Rednecked Woman
Finish With a Flourish	Royal Rumble
Fire on the Mountain	Singular Sensation
Fox Hunter	South Pacific
Galaxy Quest	Tahoe
Gathering Sunshine	The King is Coming
Glory in Red	Tholian Web
Grace, Peace and Love	Tierra del Fuego
Heavy Metal	Which Way
How Beautiful Heaven Must Be	White Noise
Integrated Logistics	Winging It
Jerry Hyatt	Wren's Song

Pat Sturdevant and Bob Faulkner look as though they are up to something!

THE EYES HAVE IT

By Wilma Brouwer-Herwig

*Bob's 2007 introduction
H. 'The Dish Ran Away with the Spoon'*

Saturday, May 15th found us gathered at Savanna Oaks School off of Lacy Road. I went to the right place this time because I remembered to double-check our handy-dandy WDS website before leaving home. However, we were not able to gain entry to the very nice auditorium-style room we had before as the front door key did not also unlock the gate across the entrance hall. Oops! Our only option was to set up shop in the cafeteria where the acoustics were wanting and the vending machines rather loudly punctuated the presentation. Adding insult to injury, the kid-sized seats were not kind to mature bottoms. Regardless, the slide-show part of Bob Faulkner's program blew us away and we promptly forgot all about our discomfort.

Bob's interest in growing things started way back when he was six and planted his first living thing – a tree. He found it a miraculous process and has been enamored of it ever since. Along about 1995 he began hybridizing daylilies because he was, in his own stark words "too cheap to buy them". It started in his friend, John Benz's garden where he saw his first modern daylily. It was Fooled Me (Hein 1990) and a single fan cost \$50. He had never ever paid that much for a tree or, as he dryly added, even a date. But those flowers sure were pretty. He figured it would be much less expensive to grow his own rather than shell out that kind of dough for a plant. How costly could it be? Ha, ha, ha....here come more of his words.... "WHAT WAS I THINKING???" In the infancy of his program he owned no fancy camera, no computer, and watered his 150-200 seedlings by hand. Not much cash outlay in that. Well, he found that his inexpensive hobby grew way beyond his wildest dreams. To date, he has invested in a watering system for his "few" thousand babies and has purchased a long list of items that includes: fertilizers, weed killers, black plastic weed barriers, pollen containers, zip lock baggies, tweezers, tags, markers, a ton or more of sand to amend his heavy clay soil, a computer, a 35mm camera that was then rapidly replaced with a digital when they took over the market, a whole host of gardening equipment, a laptop for his power point presentations, and a website for his business, Natural Selection Daylilies. In the long run, springing for Fooled Me would have saved him many thousands of dollars!

Bob has focused on eye zones (pun intended) since 1999. They were about the size of a quarter then and mostly a single color. By 2003 he had begun to perfect larger, fancier eyes that had multiple layers of color and were carried on flatter blossoms that really showed this off. He created 'eye' candy that withstood the rigors of his zone 5b climate in Dayton, Ohio. Not even 59 degree nights affected the distinct display; these beauties were truly made for the northern hem fanatic. The variety of eye patterns and colors is simply astounding!! Words cannot begin to describe the AMAZING things Bob has done: broken band eyes, shattered eyes, veins in the eyes, multiple bands of eye colors, starbursts, stippled eyes, plus pinched throats, feathered throats, inward rolled sepals, and bitones and reverse bitones with patterned eyes. Just visit his website to get a small glimpse of what this 'eye' doctor is up to (Robert Faulkner at www.DaylilyTrader.com). The oohs and aahs that you utter will be the same ones that shook the Savanna Oaks cafeteria and definitively drowned out all the clattering machinery. That big thud, though, will be your jaw hitting the ground!

GARDEN JUDGES NEEDED

By Pat Sturdevant

The WDS is looking for a few more people who would be willing to become a Garden Judge. We have 4 or 5 people, but we need another 6 to 8 to anchor a session here. You need to be a member of AHS for 2 years. Training to become an accredited AHS Garden Judge may begin after 1 year membership by attending Workshop 1. The handbook needs to be purchased by you, but the club will reimburse you once you have passed workshop 2. The first part is a written test, while the second is hands-on evaluation of daylily plants. After passing workshops 1 and 2, you will be a judge for 5 years. As a garden judge, you will receive a ballot to vote for your award selections. You must visit twenty-five gardens, with at least 15 visits in the judges own region, and the other ten from different gardens regardless of their locations, within the five year period. We need more northern Judges to help our Northern Hybridizers get the recognition they deserve for their daylilies. It seems to be stacked against the northern Hybridizers and we need to even the score by increasing our numbers. If you are interested, please contact Pat Sturdevant at 608 244-1551 or email patsturl@hotmail.com. Now, sign up

WE CAN BE PROUD!!

We've all heard of the Stout Silver Medal Winners - the cultivar voted the best of the best each year. I recently learned a lot more about Dr. Arlow Burdette Stout, for whom the award is named, especially the fact that he lived and worked in Wisconsin most of the first 35 years of his life, moving to Albion at the age of 2.

Back in 1993 Hiram Percy and other WDS members wanted to recognize this VIP in our daylily world and his association with Wisconsin. With many calls and much searching Hiram and his crew collected seven cultivars hybridized by Dr. Stout and donated them to the Albion Academy Historical Society. They were planted alongside what is now the Museum had, in the early 1900's, been part of the Albion Academy where "Burt" studied. They've grown undisturbed for the last 17 years and one can only imagine how big they have grown!

This year the Historical Society finally dug and divided them - and sent us the following email message:

*This historical marker is erected on the Stout Home-
stead on Hwy 51 at the southern edge of Albion.*

The Albion Academy Historical Society was the 1993 recipient of many daylilies from the WI Daylily Society. This year we moved them and have many plants left over! Join us on Sunday, July 11, for our annual Pie and Ice Cream Social and check our daylily plant sale. We will be open from 1 pm to 4 pm.

We found these seven cultivars: BOUTONNIERE, CHANCELLOR, DAUNTLESS, JENNIE LOVE, RAJAH, TARUGA, and THERON.

These are all vintage daylilies hybridized by A.B. Stout. Dr. Stout attended school at the Albion Academy when his family lived in Albion. Here is where he began his life-long love of the 'lowly ditch-lily.'

Albion is just off Exit 160 of I-90 near Edgerton. The original 12-acre campus is now a park with picnic tables, restrooms and playground equipment. The Museum is a 2-story brick building facing the park.

If you cannot attend the Plant Sale and would really like one of our cultivars, please call Nancy Durgin at 608-774-4339 to make other arrangements.

THE BUS IS GOING TO THE 2010 AHS SUMMER MEETING. WE HOPE YOU'RE ON IT!!

One of the highlights of daylily season is our Region 2 Summer Meeting. It's a weekend filled with daylilies, beautiful gardens, friends, food, and more daylilies.

Twenty-two WDS members have signed up to "leave the driving to us", or rather, to our favorite bus driver, Phil, for a cost of only \$20 per member. This includes a boxed lunch on the way to Wadsworth, OH provided by B'Tayavon Catering as well as lunch on the trip back. (The WDS is subsidizing much of this bus expense for WDS Members with profits from our Plant Sale last year.)

Here's the scoop - all 100 rooms blocked off for attendees are reserved; and there's still room on the bus. If you already have a room reserved and decide you want to ride the bus, please join the party. Or if you decide now that you want to go, and can find someone with an empty bed in their room, we will get you there! If there's a will, there's a way. You will never be disappointed; it's always a wonderful weekend. In fact, once you've gone to one Summer Meeting, you never want to miss another. Right Wilma??

WEEKEND SCHEDULE FOR BUS RIDERS

The proposed schedule is: Our bus will depart the Dutch Mill Road Park and Ride site on Friday, July 16th **promptly** at 6:30 AM. We expect to arrive in Wadsworth, OH between 4 and 5 PM, in time for the Region 2 Business Meeting. This year it's being held before the banquet, leaving more time for the Auction.

The meeting schedule, registration information and hotel data are available at the Ohio Daylily Society Website (www.ohiodaylilysociety.org/2010.html) and on our WDS Website.

Our group would re-board the bus at ABOUT 1:15 PM on Sunday, July 18th and return to Madison. A lunch will be made available for all riders on the trip back. We should get back to the park and ride site in Madison at ABOUT 10:15 PM.

**The WDS Plant Sale
Will be at Olbrich Gardens
Sat. & Sun., August 15th & 16th**

It will soon be time to dig in - both literally and figuratively - and put together our next Plant Sale. Judging from prior years, it's sure to be a very busy, fun-filled and profitable weekend in August.

The most important keys to our successful sales in the past have been your donations and your willing help. Last year 36 members donated a total of 5,333 plants. That's out of the 6,272 plants we had for sale - and pure profit! Again this year we do ask for donations of plants from your garden. If your daylilies have reached huge clump size, or if you just want to create more space for your newest acquisitions, plan to bring them to the Daylily Sale. However, if your's is a plant you wouldn't want to sell to your best friend, please don't bring it to the Sale. We really don't want disappointed customers.

One thing we ask, as soon as you determine which ones you will be bringing, please forward the list to Tom & me by snail mail or e-mail trkleinheinz@att.net so we can enter them in the database and be sure we have pictures. A preliminary list of plants for sale will be posted to our website two weeks before so, if you let us know by then, your plants can be included.

Would you like a digging crew to help? If the job seems overwhelming to you, we have members willing to help. Mike Alvin and Diane Goodman are scheduling the digging events. They ask that, if you do want help, **YOU LET THEM KNOW SOON**. Call Diane at 608-643-8021 to schedule a time.

The sale, of course, requires many hours of labor and promises much enjoyment for those who join in. We have a lot of fun digging or dividing plants, arranging plants on the table for the sale, cashiering, helping customers, etc. Genni Kleckner will see to it that we have plenty of food to keep us nourished. (By the way, if you want to contribute to the food supply, please let Genni know.)

Plants will be dug the week of August 8th and transported to Olbrich. We will again be preparing the plants for the sale in the "Prep Tent" on Thursday afternoon and evening and all day Friday, until all the plants are in the big yellow and white tent. Working on Friday gives volunteers the opportunity to purchase cultivars they want prior to the sale opening. And, as you know, we try to have many plants that you've never had available in the sale before. There were at least 200 new ones last year!

Special note to our new members: working at the sale is a great way to get to know your fellow members better and have a very enjoyable time. Why else would 96 members volunteer at least 1,128 hours last year?? Here's another reason: you will earn WDS \$\$ for each hour you help. These can be used just like cash for purchasing plants at the sale, paying membership dues, or annual meeting costs.

Again this year Diane Goodman has agreed to organize our volunteers. If you haven't already signed up, please give her a call now to volunteer at 608-643-8021 or email her at jrgoodman@charter.net.

Last year June Johnson arranged to have Channel 3 TV come out for a live broadcast on Friday to promote our sale. She's got another idea cooking in her brain, and if it works out, you might be on TV again! But that's only if you are working at the sale and digs!

BE CAREFUL - IT'S ADDICTING!!

In an email sent to us a month ago, new member Lisa Imhoff, a volunteer at Rotary Gardens in Janesville, had this to say.

"My husband Dave and I've been collecting daylilies for a few years now. We thought we had a lot (around 34) when we stopped by the WDS booth at Garden Expo in 2009. There were two women sitting at the table and a gentleman (who it turns out was John Sheehan) standing to the side. I pleasantly asked them all how many they had, and when John said "over 700," Dave and I blinked and realized we could succumb and IT WOULD BE OK.

Last summer I visited John's and Hiram Percy's gardens, and Dave and I visited Rotary Gardens, Karen Watson-Newlin's and Centennial Gardens, and I also became involved with Rotary and came to your sale.

Between sales, gifts from friends, and other fortuitous reasons, we increased our collection last year a lot more than we usually do. (*Does that sound familiar??*)

I also hope to be involved with your sale in August so that I can be up front in line to purchase some newer or more unusual varieties that might not be around on Saturday."

When I talked to Lisa further, she told me that she joined WDS, especially so that she could be at the sale on Friday!! We expect that she will have a wonderful time getting to know other members on Friday, and learn of many other benefits to being a member of WDS. Welcome, Lisa.

**BECOMING A BOARD MEMBER OF
THE WISCONSIN DAYLILY SOCIETY**

By Conrad Wrzesinski

Are you curious about how the Wisconsin Daylily Society operates? Would you like to have a say in what happens in WDS? Do you like planning activities? Do you find working with others rewarding? If any of these questions describe you, consider running for the Board of the Wisconsin Daylily Society. Don't be shy. The Wisconsin Daylily Society Board needs your ideas!

Board members share their talents in a variety of ways from planning club activities to chairing group events. Serving on the Board provides an opportunity to help enhance existing club programs, suggest new activities and become better acquainted with other members of the Wisconsin Daylily Society.

The term of office for a Board Member is two years. A Board Member may run for a second term for a total of four consecutive years. Elections take place each year at the Annual Meeting. If you are interested in running for the Board or have questions about the Board, speak to any current Board Member.

**The WDS Garden Party in Jim & Kitty Fitzpatrick's Garden
5224 Preservation Place
Sun Prairie, WI 53590**

Coming from the North on Hwy 151:

Exit at American Parkway/Nelson Rd. Follow Nelson Rd to Reiner Rd. Turn right and continue to Burke Rd. Turn left on Burke Rd and continue .5 miles to Preservation Place (white fences) and turn right. Continue straight, road curves to the left. 5224 on the right with brick front.

Coming from the North on 90/39:

Exit Sun Prairie on the right (Not Madison). Stay in right lane and exit Nelson Rd. Continue straight through stop light to Reiner Rd. Turn right and continue straight to the next stop sign Burke Rd. Turn left and travel .5 mile to Preservation Place (white fences). Continue straight, road curves to the left. 5224 on the right with a brick front.

Coming from the East on 94:

Exit County N and turn right. At stop sign, turn left onto County T T. Travel straight for 3.4 miles to stop light at Reiner Rd. Since Reiner Rd is closed you are not able to turn right. Continue straight through this intersection and turn right at the next road, Felland Rd. Take it straight to Burke Rd and turn right. Continue straight through the next stop sign, Reiner Rd. Travel straight for .5 mile and turn right at white fences - Preservation Place. Continue straight, road curves to the left. 5224 is on the right with a brick front.

Coming from the South on 90/39:

Exit at Commercial Ave/Cty T, following Cty T to Felland Rd. Turn left on Felland Rd. Take it straight to Burke Rd and turn right. Continue straight through the next stop sign, Reiner Rd. Travel straight for .5 mile and turn right at the white fences - Preservation Place. Continue straight, road curves to the left. 5224 is on the right with a brick front.
